Thank you for the opportunity to introduce myself. My name is Jesse Summers. I've lived in Mountain Green for over 30 years.

I am now retired, but I was an operator for three separate water companies for my former employer for over 20 years.

I've had two opportunities to be on the board in the past, and I look forward to help provide my neighbors with good clean and inexpensive drinking water.

I have no conflicts of interest and am not related to anyone in our service company area.
